TAF Africa Global Limited (TAG) is one of the leading indigenous real estate companies in Africa with over thirty-four (34) years' experience in construction and development of real estates. With its parent company registered in Dubai, United Arab Emirates, TAG has presence in nine (9) African countries and significant operations in Nigeria, the Gambia and Sierra Leone.

The Greater TAF City is a specially planned City designed to be a mixed-use live, work and play city. Greater TAF City is a phased city development located within the Greater Port Harcourt area of Rivers State on about 4 expanse of land totaling 1,000 hectares. One of such expanse of land is along the Obirikwere airport road and opposite the OPM Headquarters. It is a well-designed and properly master planned city which would comprise 3,000 units of affordable homes of varying price range and house types including 2 bedrooms and 3 bedrooms bungalows. The Greater TAF City boasts of excellent water and sewage reticulation systems, constant electricity supply (including power generators and solar), paved roads, reliable internet, solar lights, several trees, gardens and green areas, wellness centre, and public open spaces.
